## JEWIS WILL FIGHT TO THE BITTER END

Authorities Realize This And  
Call Off Troops.

Town is Scene of Chaos and Ruin  
With Death Everywhere—Fire  
and Murder Rampant.

## PEACE HAS BEEN RESTORED

Warsaw, Sept. 11.—Siedlice, the scene of the most recent Jewish massacres, today is a city of chaos. Peace is restored at least temporarily. No effort has been made to remove the stains of the horrors committed. After a resumption of the massacre early this morning soldiers were called off, the authorities evidently being convinced that the Jews will fight to the end. Figures of the casualties during the massacre fix the number killed at 170 with 2,100 wounded. Many injured will die. Six houses were destroyed by artillery fire yesterday. This morning 27 Jewish houses were burned.

### Terrible Scenes.

Siedlice, Sept. 11.—While the massacre was in progress today a delegation of citizens asked the governor to order troops to cease firing but the governor replied that the citizens must deliver up their leaders and the revolutionists or otherwise the city will be bombed. The authorities assert that fifteen terrorists have arrived here from Warsaw and that they must be arrested before any of the inhabitants are permitted to leave the city.

The scenes yesterday and today were of unspeakable horror. Everywhere there were screams and cries mingled with the sound of shooting.

The Sunday massacre was one of the bloodiest in the bloody story of recent Russian affairs. Volley after volley the troops poured into the packed multitude in the main streets. The rioters tried to fight back, but they were almost powerless against the rain of bullets that swept them back. Hundreds were mowed down where they stood and soon the mob began to lose ground. Then they scattered into a routed, retreated rabble and fled before the frenzied infantrymen. Scores were shot down as they ran, and the wounded were bayoneted or clubbed to death with the butts of the soldiers' rifles. The troops did not escape without loss, for from windows and from the housetops the Jews and Christians assailed them with a deadly fire from revolvers and rifles and showers of missiles and bombs. This infuriated the soldiers even more and they commenced attacking the houses.

### Slew the Innocent.

Women and children were beaten or bayoneted to death and men slaughtered on their own hearthstones. Pillage and loot were then added to the horrors of the situation. The soldiers, now beyond all control, commenced to rob stores and houses. In the wild scramble for plunder stores were wrecked and houses dynamited. Three streets have been wrecked, and several fires that started got beyond control and swept a considerable distance before they could even be checked. According to the latest reports they are still burning.

When the situation got beyond control of the governor he sent an urgent appeal for help to Warsaw and to the neighboring military posts. Several regiments of troops were hurried here and the governor proclaimed martial law. He has placed a chain of infantry around the city, with orders to allow no one to enter. Detachments of Cossacks are guarding the main roads. The military officers managed to recall some of the soldiers, who are attempting to restore order. Other reinforcements of troops are expected to arrive here at any time.

### KILLED HIS FRIEND.

Hot Springs Photographers Fall Out  
Over a Woman.

Hot Springs, Ark., Sept. 11.—After having their pictures taken yesterday, then the best of friends, George Milling and Oswald Bush, both well-known photographers, quarreled today and as a result Bush is dead. Milling shot him twice in the back while they were fighting. Bush was struggling to strike him with a rock. The trouble arose over a woman. Milling walked to the city jail immediately after the shooting and surrendered. The dead man was to have been married early next month.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates—"High Water" days don't count. The Sun's daily average last month was 3940.

## AFTER VICE-PRESIDENCY. Report That Hobson Will Be Candidate for Nomination.

Memphis, Sept. 11.—A friend of Captain Richmond Pearson Hobson today announced that the former would be a candidate for the Democratic nomination for vice president.

### Blow Over Heart Kills.

Little Rock, Ark., Sept. 11.—Conney Griffin, aged 20, was accidentally killed by being struck over the heart this evening by Charles H. Smith, about the same age. The boys were engaged in a boxing contest at Braddock's park.

## TWENTY FAMILIES

## COMING TO PADUCAH TO MAKE THEIR HOME.

Cohankus Manufacturing Company Is  
First to Enlist Aid of the  
Bureau.

Twenty families are soon to be on their way to Paducah, the first settlers under the recently inaugurated immigration movement. A few are supposed to have started today.

The Cohankus Manufacturing company is the first concern to take advantage of the opportunity of securing labor through the medium of the Southern States Immigration commission, with headquarters in New York, and has contracted for 20 families.

Home Tomorrow.

Tangiers, Sept. 11.—Paul O. Stensland, the defuncting president of the Milwaukee Avenue bank of Chicago, under arrest awaiting his return to the United States attempted suicide today by poison. He is seriously ill as the result. Stensland probably will sail for the United States tomorrow.

## WHITE GLEAM

## OF HIS SHIRT STUD ATTRACTED RED LIGHT.

Paducah Man Lost His Stone and Roll  
and Gave Police a Strange  
Name.

Louisville, Sept. 11.—Combining pleasure in the nature of a trip through the "red light" with business, cost Edward Bridd, of Paducah, Ky., a roll of bills, aggregating \$400, a diamond stud valued at \$200 and a diamond ring worth \$150. Mr. Bridd came to Louisville yesterday on important business and later in the afternoon he decided to take in the sights of the "red light." When he awoke from the "land of booze" his money and valuable jewelry were missing. Bridd reported the robbery to the police, who arrested Katie Mansbacher, Will Talbott and Jane Morris in a house at 625 Seventh street, where Bridd is said to have spent much of his time and "small" money. The cases were continued in the police court this morning until Thursday.

The victim evidently is "doing" Louisville under a nom de plume, as it does not appear in the directory.

### No Quarter for Rebels.

Havana Sept. 11.—President Palma last night decreed the suspension of all constitutional guarantees and revoked all offers of amnesty. Many Liberal leaders are being arrested.

## THREE WITHDRAW FROM COMMITTEE

Do Not Care to Participate in  
The Struggle.

Committee Will Meet Again Tonight  
and Take Up Question of Eng-  
lish Teacher.

## WAS ORGANIZED YESTERDAY

After a short afternoon session yesterday and another session last evening, the arbitration board appointed to settle the election of an English teacher in the High school adjourned with three members refusing to act further, and will meet again tonight at 7:30 o'clock to attempt to reach an agreement.

Because of the fact that the personal equation is brought into the fight over Miss Emma Morgan's position, it is proving hard to keep men on the committee. Charles M. Leake and James M. Lang will not serve. Although Dr. Coleman did sit with the board last night he declines to further participate. This makes it necessary to appoint members in their places.

Captain Ed Farley was elected chairman and John G. Miller, secretary.

Two vacancies were filled by the appointment of Mr. J. H. Garrison, the well known timber buyer, and J. M. Cole, the former taking Mr. Lang's place and latter Mr. Leake's place. The vacancy caused by the refusal of Dr. Coleman has not been filled.

### GODDESS OF LABOR

Squabble Result Over Qualification  
Winner.

An attempt is being made to interfere with the conferring on Miss Geraldine Gibson of the title of Goddess of Labor, but from indications this matter will be ignored and the event carried through without a hitch. It has not been brought up yet by the Central Labor Union. It is alleged that she is a resident of Union City, Tenn., and not of Paducah. Mr. Claude Johnson, her cousin, stated this morning that she is a resident of Paducah and has been all her life.

## SHE STABBED HIM

AS HE WAS GOING THROUGH  
GATE, SAID OSCAR REYNOLDS

Swears Out Warrant for Arrest of  
Celia Daniels, Whose Jealousy  
Caused Trouble.

Celia Daniels' jealousy got her into trouble and she will have to stand trial for malicious cutting with intent to kill. Last night at the Rowlandtown colored park a dance was in progress and the Daniels woman was with her dusky fellow, Oscar Reynolds. Reynolds saw another woman who attracted him and he stopped to talk with her. The Daniels woman got jealous, grabbed his hat and ran. Reynolds followed and when he ran through the gate, behind which she had hid, he alleges, she stabbed him in the back. He was able to appear before Magistrate Emery and swear out a warrant. The woman was arrested at noon.

### DOWN AN EMBANKMENT.

riously Injured.

Santa Barbara, Cal., Sept. 11.—The second section of train No. 10, south bound, on the Southern Pacific coast line from San Francisco, was wrecked at Sea Cliff, a sidetrack 20 miles south of Santa Barbara, at 10 o'clock this morning. Twenty-seven persons were injured, two of whom may die.

Miss Fitzgerald is eighteen years old, and about five feet ten inches in height.

## LANG PARK PLANS NEARLY MATURED

Will Be Constructed as Setting  
For Monument.

Boulevarding of Fountain Avenue  
and Jefferson Street Will Add  
to Effect.

## THE BOARD WILL SPEND \$1,500

Lang park, the pioneer in Paducah's proposed public park system, will be improved before any other property is acquired, and plans for beautifying this spot are already being considered. A. L. Laasiter, the well-known architect, has been engaged by the board of park commissioners to undertake the work, and he will report next week, when bids will be invited and contracts let, so that the park can be completed at an early date. The commissioners propose to spend \$1,500 on the work.

The improvement is more important than generally supposed. Lang park is to be the site of a fine Confederate monument, and the park will be laid out with the idea of aiding in the general effect of this monument. Within a year, also, Fountain avenue will be made into a boulevard with a grass plot in the center and driveways on either side, and the same will be done with Jefferson street from Fountain avenue to the city limits.

The whole will give Paducah a first-class show place to start with, and, no doubt, the effect will satisfy Paducahans with the idea of carrying out the improvement projects on a grand scale.

The first thing to be done with Lang park will be to cut down the weeds and tear away the fence. Then a concrete curbing, and, perhaps, a low wall will be erected around the plot, a fine lawn and provided for walks and other appurtenances added.

The Daughters of the Confederacy who have charge of the plans for raising the monument fund, have ceased soliciting for funds during the hot weather, but in a few weeks will renew their efforts. It is probable that the monument will cost \$10,000.

## PARK BOND

PROPOSITION WILL BE MADE  
CLEAR IN STATEMENT.

Ordinance Calling for General Elec-  
tion Will Be Introduced at Next  
Council Meeting.

The proposition of issuing \$100,000 in park bonds will be placed before the people in a clear light in a short time, when the board of park commissioners prepares a statement of its purposes and plans and at the next meeting of the general council the ordinance, calling a general election on the question, will be introduced.

In general, the board of park commissioners proposes to construct a park in every ward in the city. The board also is positive that the tax rate will not be affected by this bond issue, and the only difference between the acquiring of parks by bond issue and by employing the annual appropriation is that by the former method the parks will be acquired at once, and all will be on the way to improvement at the same time, whereas by using only the annual appropriation it will be years before the park sites are all acquired.

The charter requires a five per cent levy for park purposes, so there is no question about the annual appropriation.

### RIOT ON STREETS.

Half a Dozen Wounded in Trouble  
at Frisco.

San Francisco, Cal., Sept. 11.—As an aftermath to the recent strike on the United railways, a riot broke out last night when the street car companies started to march about 200 strike-breakers from the car barns at Turk and Fillmore streets to the ferry at the foot of Market street. Many shots were fired by the armed guards escorting the men, and half a dozen people are reported wounded.

## MARSHAL IS SHOT BY A DESPERADO

Negro Escapes and Posse is  
on His Trail.

Cold Blooded Murder Sets Whole  
Countyside Wild With Excite-  
ment and Anger.

## REWARDS RAISED BY PEOPLE

Elkton, Sept. 11.—John C. Dickinson, marshal of Trenton, who was shot by Godfrey Ray, colored, whom he was arresting, died yesterday at 5 o'clock. The negro is still at large but a large posse is still searching for him. Citizens of Trenton have offered a reward of \$200 for Ray, which the governor has been asked to increase.

Hopkinsville, Ky., Sept. 11.—John Dickinson, town marshal and a prominent citizen of Trenton, Todd county, was shot by Godfrey Ray, colored, Saturday night. One bullet passed through his stomach and another through his arm. Surgeons have pronounced the former wound probably fatal. Poses of armed and determined men are scouring the country and Trenton citizens say the negro, if captured, will be speedily lynched. Bloodhounds were taken from Hopkinsville to Trenton by Councilman E. H. Armstrong and Police Lieut. Booth Morris, and were placed on the trail at midnight and tracked the negro to the home of his mother, six miles south of Trenton, and there lost the scent.

Ray was believed to be in hiding in the woods between Trenton and Clarksville, and large bodies of men spent the night and part of Sunday seeking him there, but without result.

Ray is a young negro whose home is near Trenton. Saturday evening he arrived in Trenton accompanied by a negress.

As they walked up the street from the depot, a woman spoke to Ed Chestnut, colored, and stopped and shook hands with him. This action seemed to infuriate Ray. He cursed the other negro and drawing a pistol thrust it into his face, saying, with an oath: "I'm going to kill you tonight."

The Trenton negro was frightened by the threats and reported the case to Marshal Dickinson and asked him to take Ray into custody. Shortly after 9 o'clock, the officer found Ray on the road walking in the direction of his mother's, not anticipating any resistance. Mr. Dickinson quietly walked up to him and said, "Ray, you are under arrest." The words were scarcely spoken when the negro, with a snarl of rage, whipped out his revolver and fired two bullets at the officer, both of which took effect.

Mr. Dickinson is forty-three years of age and unmarried. He is a member of a leading family, and perhaps the largest in its various connections in Todd county.

The trustees of Trenton have flooded the mails with postal cards containing a description of Ray and offering a reward of \$50 for his capture. An additional fund is being made up among the citizens. Ray is 23 years old, weighs 155 pounds and is 5 feet 8 inches tall. His color is dark brown and he has very thick lips and prominent teeth. His expression is solemn. When last seen he wore a light coat, with black pants and a sailor hat.

The national assembly of Panama has elected J. D. Obaldie first vice president and Federico Boyd second vice president of the republic.
